

# QUIK-SHIELD<sup>®</sup> | 106 ZH

## 1/2 lb No-Heat Spray Foam Insulation

### Frequently Asked Questions

**Q. What is the Reactor E-8p?**

**A.** The Reactor E-8p is a new portable plural-component sprayer developed by Graco. The compact system was designed for the retrofit home market as its small frame makes it easy to transport and maneuver around existing homes.

**Q. What is No-Heat foam?**

**A.** As opposed to standard SPF foam that needs to be pre-heated before applied, no-heat foam requires no pre-heating in the Reactor and application hoses.

**Q. What foams are available for the E-8p?**

**A.** Currently QUIK-SHIELD | 106 ZH open-cell foam is the only ½ lb foam approved for use in the E-8p sprayer. SWD is working on developing 2lb and roofing foams that meet the no-heat requirement, and anticipate them being available in the near future.

**Q. Do I need special training for the E-8p?**

**A.** Yes, a training class on the E-8p is required to purchase the system. Training classes are provided by select Graco dealers, SWD Urethane, and Graco Inc. The class covers both functional and safety aspects for the system.

**Q. What are the benefits of the QUIK-SHIELD | 106 ZH foam with the Reactor E-8p?**

**A.** The compact design of the E-8p system makes it a more cost effective way to service existing homes in a retrofit application. The spray system is also ideal for small jobs and to act as a backup for a spray rig. Additionally, the low cost of QUIK-SHIELD foam, creates a superior cost-effective replacement product for insulators who use froth kits and low pressure foams.

**Q. What approvals does QUIK-SHIELD | 106 ZH have?**

**A.** ASTM E-84 at 4" Flame <25 Smoke <450, ICC-ESR 2003, NFPA-255, Intertek Testing Services, California Bureau of Home Furnishings and Thermal Insulation, GREENGUARD children & schools, and CCMC 13390-R.

**Q. Where can I purchase QUIK-SHIELD | 106 ZH?**

**A.** The QUIK-SHIELD no-heat foam can be purchased from a number of SWD Urethane distributors across North America. Contact us to find a distributor near you. Discounts are available on quantity orders and can be purchased directly from SWD Urethane.
